p.s. a lot of questions i regards to ILYYW whitelist

@Founders and @Early will be given whitelist roles starting tomorrow, be patient its a very manual process. Current exodus @Whitelist and @Genesis Holders will be given whitelist after a snapshot is taken of wallets holding metabirkins pre-mint of ILYYW 🙌

Good evening @everyone.

@Early and @Founders roles have all been given spots on the @weirdlist in ILYYW. Thank you for your patience. If I missed you, please feel free to ping me or a @MetaBirkin Mods. I hope you all enjoyed the new previews today. Thank you for supporting myself and my new project. Nothing better than be able to create for a group of people who genuinely like what I do. It is, as it always will be, to Pluto baby. 🚀

@everyone: I just wanted to update everyone on the litigation with Hermes. The judge has ruled that the First Amendment applies in our case, and we are confident that in the end MetaBirkins will be fully protected as free artistic speech. We're continuing to litigate the case toward that result, and we'll update you as the case unfolds. Thanks, everyone, for your support!
